Belvedere Heights

The home is operated and maintained by a Board of Management for the District of Parry Sound in co-operation with the Province of Ontario Ministry of Health.

Our History

On October 19, 1961 the Belvedere Hotel burned to the ground making way for the purchase of the land and construction of Belvedere Heights in 1965. Thus, a 101 Bed Long Term Care Facility located on Belvedere Avenue overlooking beautiful Georgian Bay in the Town of Parry Sound was built. Our residents represent a heritage of individuals who have helped to build this country. They have fought for our freedom in wars and developed the communities that make up the District of Parry Sound is serves.

Belvedere Heights

Over the years there have been exciting times and many famous people take up residence. Two residents fell in love and were married at the Home. Many people from our community including nurses, mayors, teachers, war veterans, and format board members have made Belvedere Heights their "home". They have witnessed many positive changes throughout the years and are proud to take part in the vital Residents' Council and activities within the Home. The lives of staff are enriched as they spend time hearing about the "good old days" and work together to make the present days and future fulfilling and regarding for everyone.

Accommodations

Belvedere has a mix of basic and preferred accommodations available for residents.

The expectations and lifestyles of today's seniors have changed.

People expect and deserve

privacy. Each resident room will be furnished with an electric adjustable bed, bedside table, wardrobe and a comfortable chair. Residents will have ample space to bring along other personal furniture to make their room look and feel like home.

Living in Belvedere Heights is comfortable, safe and secure for all our residents.

Rates

Accommodation fees are determined by the Ministry of Health. See our website for current rates.

Dining

The Dietary Staff provide nutritious meals, attractively served in the comfort of our dining rooms. Meals meet the normal, or special dietary needs of each resident in an

attractive dining room atmosphere. We offer choices at every meal, snacks three times a day and beverages between meals. The home has a consulting Dietician on contract that visits the facility on a regular basis.

Activities!

Our programs and services department provides creative and exciting events for the resident's enjoyment and stimulation from musical activities to birthday parties.

The activity department helps residents remain active and continue to live life fully. They plan and coordinate a wide variety of activities in the building as well as trips and outings. In addition our beautifully landscaped grounds provide residents with the opportunity to utilize their gardening skills and knowledge.
