Policy

Belvedere Heights shall have a plan for disposing of resident food waste and garbage during an emergency situation

Procedure

- 1 .When food waste cannot be disposed of through the regular garbage disposal, in the dish room, the waste will be emptied into a trash receptacle, with double bagged trash can liners.
2. The trash receptacle will be filled to only one half of its capacity.
3. The trash bags will be removed from the dietary department area for immediate disposal by Maintenance. Food waste will be brought to waste management.
4. Food waste MUST NEVER be returned to the food preparation area.
